Programme Committee 2008/09

Speaker for Thursday 13 November Lunch Meeting

MS TAMMY JU
Rotary Ambassadorial Scholar 2008

Tammy Ju is an American Rotary Ambassadorial Scholar from district 6970. She is 23 years old and studying in a non-graduating program at the National University of Singapore focusing on Asian studies and international policy. She is a recent graduate from the University of Florida with a Bachelor's in Biology and minor in Chinese

The purpose of the Ambassadorial Scholarships program is to further international understanding and friendly relations among people of different countries and geographical areas. The program sponsors several types of scholarships for undergraduate and graduate students as well as for qualified professionals pursuing vocational studies. While abroad, scholars serve as goodwill ambassadors to the host country and give presentations about their homelands to Rotary clubs and other groups. Upon returning home, scholars share with Rotarians and others the experiences that led to a greater understanding of their host country.

Tammy is also going to share with us the motivation behind her accepting the Rotary Ambassadorial Scholarship and what Rotary meant in her career and her future endeavors. Her views will certainly reflect that of the younger people's perception of Rotary and other non-governmental social organizations.

Speaker for Thursday 20 November 2008

Next week's speaker will be Rotarian Dr Ho Choon Hou, our newly inducted member. He will be giving us an insight into the Private Equity market in the current economic turmoil and global recession.

More details of his talk will be given in due course.
